

Bicycle Parking Solutions

Bike Rack Basic R1 for 4 Bikes

The Bike Rack Basic R1 is a simple, strong, and practical solution for keeping your bicycles organized. Made from galvanised steel, it is tough, stable, and built to last. The galvanisation adds an extra layer of protection, so the rack can stay outside without rusting, even in wet or harsh weather. Its square-shaped design is not just modern-looking but also very practical. It holds bikes securely, keeping them upright and in order. This prevents scratches, tipping over, and messy bike piles, whether in your garage, garden, or workplace. The rack is available in different sizes to fit 2, 3, 4, or 5 bikes, so it works well for families, small offices, or any space where bike storage is needed. Installation is easy. The Basic version comes with screws and plugs, so you can attach it to the ground quickly and securely. Optional RAL color coatings allow you to match the rack to your surroundings or business branding

- Single-sided bike rack for secure and comfortable parking
- Square-shaped rack for secure bike parking
- Keeps bikes upright and scratch-free
- Durable galvanised steel
- Easy to install with included screws
- Optional RAL color finish

Technical Data

R&R Item Number	RR103540
EAN / GTIN	7350168260826
Product Type	Bike Rack
Height	265 mm
Length	1210 mm
Depth	382 mm
Weight	4 kg
Color	Silver
Material	Steel
Configuration	One-sided
Parking Spaces	4 bikes
Maximum Tyre Width	60 mm
Surface	Hot-dip galvanised
Mounting Type	Floor mounting
