Bicycle Hanger Solutions

Bike Hanger H1 for 5 bikes

The Bike Hanger H1 is a reliable and space-saving solution for storing bicycles. This wall-mounted system allows for safe and secure parking of your bike, keeping it off the ground and out of the way. The hanger is constructed with heavy-duty angle steel, providing excellent durability and strength to support the weight of various bicycles. Each bike is securely held by robust, rubber-coated suspension hooks that offer protection against scratches and damage to the rims. The red rubber coating on the hooks ensures the rims are safely stored without risk of harm. For added peace of mind, each bike can be locked to an integrated steel eyelet, providing an optimized anti-theft solution. This feature enhances the overall security of your bicycle, especially when stored in shared or public spaces. The system is designed to accommodate tyre widths up to 65 mm, making it versatile for various bike types. Additionally, if you have multiple bikes, the Bike Hanger H1 can be easily extended with a connecting element, allowing for efficient parking of several bicycles in a compact space.

- Sturdy steel angle construction for long-lasting durability
- Strong suspension hooks with protective plastic coating
- Compatible with tire widths up to 65 mm
- Steel eyelets for optimized theft protection
- Durable, corrosion-protected steel construction
- Extension option available for additional bikes

Technical Data

R&R Item Number	RR102268
EAN / GTIN	7350168266583
Product Type	Bike Hanger
Height	350 mm
Length	1520 mm
Depth	350 mm
Weight	8,7 kg
Color	Silver
Material	Steel
Configuration	One-sided
Parking Spaces	5 bikes
Bicycle Spaces	350 mm
Maximum Tyre Width	65 mm
Surface	Hot-dip galvanised
Mounting Type	Wall mounting
