Bicycle Parking Solutions

Bike Rack Premium R46W for 6 Bikes

The Bike Rack Premium R46W is a robust and versatile solution for bicycle parking, perfect for urban areas, workplaces, or private premises. Built with a free-standing, bolted tubular steel construction, this rack is
designed for durability and stability, ensuring reliable performance even in busy environments. The vertical-format parking hoops are crafted to keep bicycles securely upright, accommodating various styles, including mountain bikes and e-bikes. The alternating low/high settings help save valuable parking space, making it a versatile solution for tight areas. It allows for both single-sided and double-sided parking, providing flexibility for different needs. Additionally, the system is prefabricated for easy row or series connection. This makes it simple to expand
the parking capacity as needed.

- Single-sided bike rack for secure and comfortable parking
