Bike Rack Premium R26S for 4 Bikes

The Bike Rack Premium R26S is a robust, free-standing bicycle parking system designed to offer both security and convenience. Featuring a waist-high horizontal frame rest, this bike rack provides users with a comfortable way to park their bikes without worrying about the bike buckling or falling over. The alternating low/high settings help save valuable parking space, making it a versatile solution for tight areas. It allows for both single-sided and double-sided parking, providing flexibility for different needs. Additionally, the system is prefabricated for easy row or series connection. This makes it simple to expand the parking capacity as needed.

- Single-sided bike rack for secure and comfortable parking
- High horizontal frame rests to prevent falling overs
- 350mm wheel space suitable for bikes
- Steel eyelets for optimized theft protection
- Durable, corrosion-protected steel construction
- Prefabricated for easy row/serial connection
