Bike Rack Economy R4WD for 8 Bikes

The Bike Rack Economy R4WD is designed for comfortable bicycle parking with 390 mm spacing between bikes. The double-sided design allows bikes to be parked on both sides, with extra space between bicycles. The low-high design allows handlebars to overlap and saves space. The rack can also be extended in a row using connecting elements to create additional parking spaces. It is made from durable, corrosion-protected steel and is suitable for tyres up to 64 mm wide.
